International Law Firm

Having won the International KM Information Team of the Year award, Bird and Bird is no stranger to innovation. With over 1,500 users and over 4 million live matter documents Bird and Bird, an International law firm, developed a 'know-how' solution using Concept Searching to provide enterprise and brokered search and classification across both internal and external repositories, as well as a custom 'know-who' system that identifies the experience and location of staff. Bird & Bird is a full service international commercial law firm with offices in Beijing, Brussels, Düsseldorf, Frankfurt, The Hague, Hong Kong, London, Lyon, Madrid, Milan, Munich, Paris, Rome and Stockholm. For more information on Bird & Bird please go to [www.twobirds.com](http://www.twobirds.com).

original

**About Us**

Founded in 2002, Concept Searching's software products deliver advanced search, auto-classification, taxonomy management and advanced metadata tagging solutions from the desktop to the enterprise. Concept Searching is the only statistical metadata generation and classification software company in the world that uses concept extraction and compound term processing to significantly improve access to unstructured information. Headquartered in the U.K. with offices in the U.S. and South Africa, Concept Searching solves the problem of finding, organizing, and managing information capital.
